Warren Victor

Library Assistant at De La Salle-College of Saint Benilde
Taytay, Calabarzon, Philippines

Summary

As a library professional, I bring together a strong commitment to service, creative problem-solving, and continuous professional growth. My experience in customer service and communication enables me to build meaningful connections with patrons, while my background in graphic design as an Adobe Creative Educator allows me to develop compelling visual materials and engaging digital content that strengthen library visibility and community engagement.I am passionate about exploring innovative approaches to library services, leveraging technology and creativity to enhance user experiences, and continuously expanding my skills to meet the evolving needs of the academic community. I aspire to contribute not only to the effective delivery of library services but also to the development of more accessible, engaging, and forward-thinking learning environments.As a Benildean Associate, I uphold the belief that we must serve by doing ordinary things extraordinarily well while continually seeking opportunities to grow, innovate, and create meaningful impact.

Experience

De La Salle-College of Saint Benilde
Library Assistant
July 2018 - Present (8 years 4 months)
Philippines

General Responsibilities of Library Clerk as stated on Benilde CLR Manual version 2018:

Manage library resources for users, including borrowing, returning, and maintaining patron records using library systems. Assist users in accessing resources, offer guidance on library policies, and ensure proper utilization of materials. Oversee patrons within the library, manage collection maintenance, and aid in cataloging and preparing materials. Operate library equipment, report issues, and monitor supply levels. Provide preservation services for

materials and coordinate with patrons for collection development. Collect and report feedback, maintain relevant statistics, and uphold library policies. Collaborate with colleagues, contribute to meetings and projects, and stay updated through training programs. Fulfill additional duties related to library operations as required.

Siena College of Taytay
Library Assistant
May 2013 - June 2018 (5 years 2 months)
Taytay, Calabarzon, Philippines

General Responsibilities:

1. Assist the head librarian in daily library operations.
2. Aid library patrons with inquiries and support their needs.
3. Receive book deliveries and ensure accuracy in received items.
4. Process newly acquired books and manage library inventory.
5. Address general library concerns and assist with maintaining a conducive library environment.

Summary:
The Library Assistant will provide support to the head librarian, assist library patrons, manage book deliveries, and handle various library-related tasks.

Results Manila Inc.
Contact Center Agent
October 2012 - February 2013 (5 months)
Pasig, National Capital Region, Philippines

General Responsibilities:

1. Represent the company as a contact center agent aligned with specific client accounts.
2. Ensure achievement of performance targets set by the company and corresponding clients.
3. Provide exceptional customer service and support in accordance with client account needs.
4. Adhere to company and client-specific guidelines and standards.
5. Maintain a professional and knowledgeable approach in addressing client account requirements.

Summary:

The Contact Center Agent will provide assistance to the company, catering to the specific requirements of assigned client accounts while ensuring that performance targets are met.

TTEC Digital
Technical Support Agent
June 2012 - October 2012 (5 months)
Cainta, Calabarzon, Philippines

General Responsibilities:

1. Serve as a technical support agent aligned with designated client accounts.
2. Address technical concerns related to ISP services, resolving router issues, and configuring client email accounts.
3. Gather and provide specific data to aid in the resolution of technical issues before escalating them to relevant departments.
4. Ensure adherence to company and client-specific guidelines and standards.
5. Maintain a professional and knowledgeable approach in handling technical support matters.

Summary:
The Technical Support Agent will provide assistance to the company, offering technical support tailored to assigned client accounts, focusing on ISP services. This includes troubleshooting routers, setting up client email accounts, and supplying specific data prior to escalating issues to other departments.

Interactive Tech Solutions
